FILING REQUIREMENTS AND INSTRUCTIONS WORKSHEET

The application for an Oak Tree Encroachment Permit must include the following materials. To ensure that your application package is complete, please check-off the boxes next to the required application materials.

- Completed application form
- A photograph of the affected tree(s).
- A scaled site plan that shows the following:
 1. The entire subject property with all existing and proposed improvements, and all oak trees on the property. **The dripline of all oak trees must be accurately depicted.**
 2. The circumference and species of all the oak trees on the property (clearly indicated).
- An evaluation by a Certified Arborist* noting the condition of the subject tree(s) and the potential effects of the encroachment upon the tree(s) as well as recommended tree protection measures. The application will not be accepted without the arborist's report.**
 - * The Arborist must be certified by the International Society of Arborists.
- If the subject property is within a Homeowners Association area, the above plans must be stamped by the Architectural Review Board and accompanied with the report of said Board indicating their approval for the removal of the oak tree(s).

APPLICATION REVIEW PROCESS

STAFF REVIEW: Upon receipt in proper form, City Staff has 10 working days to approve or deny the application.

APPEALS: Staff's decision may be appealed to the Modification Committee. Such an appeal must be submitted in writing and delivered to the Planning Offices within five working days of the decision. The Modification Committee's decision may subsequently be appealed to the Planning Commission, and the Planning Commission's decision to the City Council.

EXPIRATION: If for a period of 12 months, any authorization granted by an Oak Tree Permit is or has been unused, abandoned or discontinued, or any of the conditions of approval have not been complied with, then approval shall become null and void.
